## 28 Evolution of TA Organisational Arrangements

From Blue Gold Program Wiki

After providing the scope of the technical assistance (TA) team as conceived in the Program Document and describing early arrangements for the TA organisation, this chapter sets out the reasons behind the organisational changes to the Technical Assistance (TA) team over the eight year life of the Blue Gold Program. In the final section, it explains how the practical exposure to developing and building water management organisations helped to identify the key elements for sustainable participatory water management.

## Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report

(LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
