Early Arrangements for the TA Organisation

The Inception Report of the TA team (approved in March 2014) summarised the work plan and budget for the TA team, as well as the team organisation tasks to be implemented and their overall timeline, and forms the basis of the 2014 and 2015 Annual Work Plans (based on calendar years at the time) and then the 2015/16 Annual Work Plan (when the planning period was changed to suit the July to June cycle used by GoB) and their corresponding budgets.

From late-2015, concerns were noted about the slow rate of implementation of Blue Gold infrastructure and the higher investment costs. As a result, the 2016 Annual Review Mission proposed to enhance funding to BWDB and to extend the timeframe by two years from end-December 2018 to end-December 2020. In addition to the major infrastructure activities addressed by the proposed changes, a number of other critical activities were to be included in the revised scope: (a) in-polder water management by WMGs and WMAs^{Notes 35}; (b) strengthened coordination between WMGs and Union

Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE)

over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
