Template:Citation Style documentation/editor

From Blue Gold Program Wiki

< [Template:Citation Style documentation](#)

The printable version is no longer supported and may have rendering errors. Please update your browser bookmarks and please use the default browser print function instead.

- **editor-last**: surname of editor. Do not wikilink—use **editor-link** instead. Where the surname

is usually written first—as in Chinese—or for corporate authors, simply use **editor-last** to include the same format as the source. Aliases: **editor-last1**, **editor1-last**, **editor-surname**, **editor-surname1**, **editor1-surname**, **editor**, **editor1**.

- **editor**: This parameter is used to hold the complete name of a single editor (first and last), or the name of an editorial committee. This parameter should never hold the names of more than one editor.
 - **editor-first**: given or first names of editor, including title(s); example: *Firstname Middlename* or *Firstname M.* or *Dr. Firstname M., Sr.* Do not wikilink—use **editor-link** instead. Aliases: **editor-first1**, **editor1-first**, **editor-given**, **editor-given1**, **editor1-given**.
 - OR: for multiple editors, use **editor-last1**, **editor-first1** through **editor-lastn**, **editor-firstn** (Aliases: **editorn-last**, **editor-surnamen** or **editorn-surname**; **editorn-first**, **editor-givenn** or **editorn-given**; **editorn**). For an individual editor plus an institutional editor, you can use `|editor-first1=...|editor-last1=...|editor2=...`
 - **editor-link**: title of existing Wikipedia article about the editor—not the editor's website; do not wikilink. Aliases: **editor-link1**.
 - OR: for multiple editors, use **editor-link1** through **editor-linkn** (alias **editorn-link**).
 - **name-list-format**: displays authors and editors in [Vancouver style](#) when set to `vanc` and when the list uses `last/first` parameters for the name list(s)
- **veditors**: comma separated list of editor names in [Vancouver style](#); enclose corporate or institutional names in doubled parentheses:

```
|veditors=Smythe JB, ((Megabux Corp.))
```

- **editor-linkn** and **editor-maskn** may be used for the individual names in `|veditors=`, as described above
- **editors**: free-form list of editor names; use of this parameter is discouraged; not an alias of **editor-last**

Display:

Use **display-editors** to control the length of the displayed editor name list and to specify when "et al." is included.

If authors: Authors are first, followed by the included work, then "In" and the editors, then the main work.

If no authors: Editors appear before the included work; a single editor is followed by "ed."; multiple editors are followed by "eds."

Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
