Template:Citation Style documentation/pages

From Blue Gold Program Wiki

< [Template:Citation Style documentation](#)

The printable version is no longer supported and may have rendering errors. Please update your browser bookmarks and please use the default browser print function instead.

- **page**: The number of a single page in the source that supports the content. Use either `|page=` or `|pages=`, but not both. Displays preceded by `<syntaxhighlight lang="text" class="" id="" style="" inline="1">p.</syntaxhighlight>` unless `|nopp=y`. If hyphenated, use `{{hyphen}}` to

indicate this is intentional (e.g. `|page=3-12`), otherwise several editors and semi-automated tools will assume this was a misuse of the parameter to indicate a page range and will convert `|page=3-12` to `|pages=3-12`.

- OR: **pages**: A range of pages in the source that supports the content. Use either `|page=` or `|pages=`, but not both. Separate using an en dash (-); separate non-sequential pages with a comma (,); do not use to indicate the total number of pages in the source. Displays preceded by `<syntaxhighlight lang="text" class="" id="" style="" inline="1">pp.</syntaxhighlight>` unless `|nopp=y`.

Hyphens are automatically converted to en dashes; if hyphens are appropriate because individual page numbers contain hyphens, for example: pp. 3-1-3-15, use double parentheses to tell the template to display the value of `|pages=` without processing it, and use `{{hyphen}}` to indicate to editors that a hyphen is really intended:

`|pages=((3-1-3-15))`. Alternatively, use `|at=`, like this:
`|at=pp. 3-1-3-15`.

- **nopp**: Set to *y*, *yes*, or *true* to suppress the `<syntaxhighlight lang="text" class="" id="" style="" inline="1">p.</syntaxhighlight>` or `<syntaxhighlight lang="text" class="" id="" style="" inline="1">pp.</syntaxhighlight>` notations where this is inappropriate; for example, where `|page=Front cover` or `|pages=passim`.
- OR: **at**: For sources where a page number is inappropriate or insufficient. Overridden by `|page=` or `|pages=`. Use only one of `|page=`, `|pages=`, or `|at=`.

Examples: page (p.) or pages (pp.); section (sec.), column (col.), paragraph (para.); track; hours, minutes and seconds; act, scene, canto, book, part, folio, stanza, back cover, liner notes, indicia, colophon, dust jacket, verse.

Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
