Template:Cite book/TemplateData

From Blue Gold Program Wiki

< [Template:Cite book](#)

The printable version is no longer supported and may have rendering errors. Please update your browser bookmarks and please use the default browser print function instead.

This is the [TemplateData](#) for this template used by [TemplateWizard](#), [VisualEditor](#) and other tools. [Click here](#) to see a monthly parameter usage report for this template based on this TemplateData.

TemplateData for Cite book

This template formats a citation to a book using the provided bibliographic information (such as author and title) as well as various formatting options.

Template parameters

This template prefers inline formatting of parameters.

| | Parameter | Description | Type | Status |
|------------------------------------|---|---|-------------|---------------|
| Last name | <code>last</code> <code>last1</code> <code>author</code> <code>author1</code> <code>author1-</code> <code>last</code> <code>author-last</code> <code>surname1</code> <code>author-</code> <code>last1</code> <code>subject1</code> <code>surname</code> <code>author-last</code> <code>subject</code> | The surname of the author; don't wikilink, use 'authorlink'; can suffix with a numeral to add additional authors | String | suggested |
| First name | <code>first</code> <code>given</code> <code>author-</code> <code>first1</code> <code>given1</code> <code>author-first1</code> <code>author1-first</code> | Given or first name, middle names, or initials of the author; don't wikilink, use 'authorlink'; can suffix with a numeral to add additional authors | String | suggested |
| URL | <code>url</code> <code>URL</code> | The URL of the online location where the text of the publication can be found. Requires schemes of the type "http://..." or maybe even the protocol relative scheme "//..." | String | optional |
| Title | <code>title</code> | The title of the book; displays in italics | String | required |
| Title link | <code>title-link</code> <code>titlelink</code> <code>episode-link</code> <code>episodelink</code> | Title of existing Wikipedia article about the source named in title - do not use a web address; do not wikilink. | Page | optional |
| Vancouver style author list | <code>vauthors</code> | If using Vancouver style, comma separated list of author names; enclose corporate or institutional author names in doubled parentheses | String | optional |
| Last name 2 | <code>last2</code> <code>author2</code> <code>surname2</code> <code>author-</code> <code>last2</code> <code>author2-last</code> <code>subject2</code> | The surname of the second author; don't wikilink, use 'authorlink2'; can suffix with a numeral to add additional authors | String | optional |
| First name 2 | <code>first2</code> <code>given2</code> <code>author-first2</code> <code>author2-first</code> | Given or first name, middle names, or initials of the second author; don't wikilink, use 'authorlink2'; can suffix with a numeral to add additional authors | String | optional |

| | Parameter | Description | Type | Status |
|---------------------|---|--|-------------|---------------|
| Last name 3 | last3 author3 surname3 author- last3 author3-last subject3 | The surname of the third author; don't wikilink, use 'authorlink3'. | String | optional |
| First name 3 | first3 given3 author-first3 author3-first last4 author4 | Given or first name, middle names, or initials of the third author; don't wikilink. | String | optional |
| Last name 4 | surname4 author- last4 author4-last subject4 | The surname of the fourth author; don't wikilink, use 'authorlink4'. | String | optional |
| First name 4 | first4 given4 author-first4 author4-first last5 author5 | Given or first name, middle names, or initials of the fourth author; don't wikilink. | String | optional |
| Last name 5 | surname5 author- last5 author5-last subject5 | The surname of the fifth author; don't wikilink, use 'authorlink5'. | String | optional |
| First name 5 | first5 given5 author-first5 author5-first last6 author6 | Given or first name, middle names, or initials of the fifth author; don't wikilink. | String | optional |
| Last name 6 | surname6 author- last6 author6-last subject6 | The surname of the sixth author; don't wikilink, use 'authorlink6'. | String | optional |
| First name 6 | first6 given6 author-first6 author6-first last7 author7 | Given or first name, middle names, or initials of the sixth author; don't wikilink. | String | optional |
| Last name 7 | surname7 author- last7 author7-last subject7 | The surname of the seventh author; don't wikilink, use 'authorlink7'. | String | optional |
| First name 7 | first7 given7 author-first7 author7-first last8 author8 | Given or first name, middle names, or initials of the seventh author; don't wikilink. | String | optional |
| Last name 8 | surname8 author- last8 author8-last subject8 | The surname of the eighth author; don't wikilink, use 'authorlink8'. | String | optional |
| First name 8 | first8 given8 author-first8 author8-first last9 author9 | Given or first name, middle names, or initials of the eighth author; don't wikilink. | String | optional |
| Last name 9 | surname9 author- last9 author9-last subject9 | The surname of the ninth author; don't wikilink, use 'authorlink9'. If nine authors are defined, then only eight will show and 'et al.' will show in place of the last author. | String | optional |
| First name 9 | first9 given9 author-first9 author9-first | Given or first name, middle names, or initials of the ninth author; don't wikilink. | String | optional |

| | Parameter | Description | Type | Status |
|----------------------------|--|---|-------------|---------------|
| Collaboration | <code>collaboration</code> | Name of a group of authors or collaborators; requires author, last, or vauthors which list one or more primary authors; follows author name-list; appends 'et al.' to author name-list. | String | optional |
| Date | <code>date</code> <code>air-date</code> <code>airdate</code> | Full date of the source; do not wikilink | Date | optional |
| Work | <code>work</code> <code>journal</code> <code>website</code> <code>newspaper</code> <code>magazine</code> <code>encyclopedia</code> <code>encyclopaedia</code> <code>dictionary</code> <code>mailinglist</code> <code>publisher</code> | Name of the work in which the cited book text is found | String | optional |
| Publisher | <code>distributor</code> <code>institution</code> <code>newsgroup</code> | Name of the publisher; displays after title | String | suggested |
| Others | <code>others</code> | Used to record other contributions to the work, such as 'Illustrated by John Smith' or 'Translated by John Smith' | String | optional |
| Year of publication | <code>year</code> | Year of the source being referenced; use 'date' instead, if month and day are also known | String | suggested |
| ISBN | <code>isbn</code> <code>ISBN13</code> <code>isbn13</code> <code>ISBN</code> | International Standard Book Number; use the 13-digit ISBN where possible | String | suggested |
| Ignore ISBN Error | <code>ignore-isbn-error</code> | True if ISBN Errors should be ignored. If set, page will be added to a maintenance category "CS1 maint: Ignored ISBN errors". | Boolean | optional |
| Editor last name | <code>editor-last</code> <code>editor</code> <code>editor-surname</code> <code>editor-last1</code> <code>editor-surname1</code> <code>editor1 editor1-last</code> <code>editor1-surname</code> <code>editor-first</code> <code>editor-given</code> <code>editor-first1</code> <code>editor-given1</code> <code>editor1-first</code> <code>editor1-given</code> <code>editor-link</code> | The surname of the editor; don't wikilink, use 'editor-link'; can suffix with a numeral to add additional editors | Unknown | optional |
| Editor first name | <code>editor-link</code> <code>editorlink</code> <code>editor-link1</code> <code>editor1-link</code> <code>editorlink1</code> <code>editor1link</code> | Given or first name, middle names, or initials of the editor; don't wikilink, use 'editor-link'; can suffix with a numeral to add additional editors | Unknown | optional |
| Link for editor | | Title of existing Wikipedia article about the editor | Page | optional |

| | Parameter | Description | Type | Status |
|------------------------------------|---|---|-------------|---------------|
| Editor mask | editor-mask editormask editormask1 editor1-mask editor-mask1 editor1mask | Replaces the name of the first editor with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing editor separator; for example, 'with' instead | String | optional |
| Vancouver style editor list | veditors | Comma separated list of editor names in Vancouver style; enclose corporate or institutional names in doubled parentheses | String | optional |
| Editors list | editors | Free-form list of editor names; use of this parameter is discouraged | Unknown | deprecated |
| Edition | edition | When the publication has more than one edition; for example: '2nd', 'Revised' etc.; suffixed by ' ed.' | String | optional |
| Series identifier | series version | Series identifier when the source is part of a series, such as a book series or a journal | String | optional |
| Volume | volume | For one publication published in several volumes | String | optional |
| Location of publication | location place | Geographical place of publication; usually not wikilinked; omit when the publication name includes place | String | suggested |
| Place of publication | publication-place publicationplace | Publication place shows after title; if 'place' or 'location' are also given, they are displayed before the title prefixed with 'written at' | String | optional |
| Publication date | publication-date publicationdate | Date of publication when different from the date the work was written; do not wikilink | String | optional |
| Page | page p | The number of a single page in the source that supports the content; displays after 'p.'; use either page= or pages=, but not both | String | optional |
| Page(s) cited | pages pp | A range of pages in the source that support the content (not an indication of the number of pages in the source); displays after 'pp.'; use either page= or pages=, but not both | String | suggested |
| No pp | nopp | Set to 'y' to suppress the 'p.' or 'pp.' display with 'page' or 'pages' when inappropriate (such as 'Front cover') | String | optional |
| At | at | May be used instead of 'page' or 'pages' where a page number is inappropriate or insufficient | String | optional |
| Language | language in | The language in which the source is written, if not English; use the full language name; do not use icons or templates | String | optional |

| | Parameter | Description | Type | Status |
|------------------------------|--|---|-------------|---------------|
| Translator last name | translator-last translator translator-last1 translator1 translator1-last | The surname of the translator; don't wikilink, use 'translator-link'; can suffix with a numeral to add additional translators. | String | optional |
| Translator first name | translator-first translator1-first translator-first1 | Given or first name, middle names, or initials of the translator; don't wikilink, use 'translator-link'; can suffix with a numeral to add additional translators. | String | optional |
| Script title | script-title | For titles in languages that do not use a Latin-based alphabet (Arabic, Bengali, Chinese, Cyrillic, Greek, Hebrew, Japanese, Korean, Vietnamese, etc). Prefix with two-character ISO639-1 language code followed by a colon. For Japanese use: script-title=ja:... | String | optional |
| Translated title | trans-title trans_title | An English language title, if the source cited is in a foreign language; 'language' is recommended | String | optional |
| Chapter | chapter contribution entry article section | The chapter heading of the source; may be wikilinked or with 'chapterurl' but not both. For the contribution alias, see contributor-last | String | optional |
| Script Chapter | script-chapter | Chapter heading for languages that do not use a Latin-based alphabet (Arabic, Chinese, Cyrillic, Greek, Hebrew, Japanese, Korean, Vietnamese, etc); follows transliteration defined in chapter. Should be prefixed with an ISO 639-1 two-character code to help browsers properly display the script Example ja:日本語 | String | optional |
| Translated chapter | trans-chapter trans_chapter | An English language chapter heading, if the source cited is in a foreign language; 'language' is recommended | String | optional |
| Type | type medium | Additional information about the media type of the source; format in sentence case | String | optional |
| Format | format | Format of the work referred to by 'url'; examples: PDF, DOC, XLS; do not specify HTML | String | optional |
| arXiv identifier | arxiv ARXIV eprint | An identifier for arXive electronic preprints of scientific papers | String | optional |
| arXiv Class | class | Cite arXiv identifiers | String | optional |
| ASIN | asin ASIN | Amazon Standard Identification Number; 10 characters | String | optional |

| | Parameter | Description | Type | Status |
|---------------------------------|--------------------------|---|-------------|---------------|
| ASIN TLD | <code>asin-tld</code> | ASIN top-level domain for Amazon sites other than the US | String | optional |
| Bibcode | <code>bibcode</code> | Bibliographic Reference Code (REFCODE); 19 characters | String | optional |
| biorXiv | <code>biorxiv</code> | biorXiv identifier; 6 digits | Line | optional |
| CiteSeerX | <code>citeseerkx</code> | CiteSeerX identifier; found after the 'doi=' query parameter | Line | optional |
| DOI | <code>doi DOI</code> | Digital Object Identifier; begins with '10.' | String | optional |
| EISSN | <code>eissn EISSN</code> | International Standard Serial Number for the electronic media of a serial publication; eight characters may be split into two groups of four using a hyphen, but not an en dash or a space. Example 2009-0048 | String | optional |
| Handle System identifier | <code>hdl HDL</code> | Handle System identifier for digital objects and other resources on the Internet | String | optional |
| ISMN | <code>ismn ISMN</code> | International Standard Music Number; Use the ISMN actually printed on or in the work. Hyphens or spaces in the ISMN are optional. Example 979-0-9016791-7-7 | String | optional |
| ISSN | <code>issn ISSN</code> | International Standard Serial Number; 8 characters; may be split into two groups of four using a hyphen | String | optional |
| jfm code | <code>j fm</code> | Jahrbuch über die Fortschritte der Mathematik classification code | String | optional |
| JSTOR | <code>jstor JSTOR</code> | JSTOR identifier | String | optional |
| LCCN | <code>lccn LCCN</code> | Library of Congress Control Number | String | optional |
| MR | <code>mr MR</code> | Mathematical Reviews identifier | String | optional |
| OCLC | <code>oclc OCLC</code> | Online Computer Library Center number | String | optional |
| OL | <code>ol OL</code> | Open Library identifier; do not include "OL" at beginning of identifier | String | optional |
| OSTI | <code>osti OSTI</code> | Office of Scientific and Technical Information identifier | String | optional |
| PMC | <code>pmc</code> | PubMed Center article number | String | optional |
| PMID | <code>pmid PMID</code> | PubMed Unique Identifier | String | optional |
| RFC | <code>rfc</code> | Request for Comments number | String | optional |
| SSRN | <code>ssrn</code> | Social Science Research Network | String | optional |
| Zbl | <code>zbl</code> | Zentralblatt MATH journal identifier | String | optional |
| id | <code>id ID</code> | A unique identifier used where none of the specialized ones are applicable | String | optional |

| | Parameter | Description | Type | Status |
|-------------------------|---|---|-------------|---------------|
| Quote | quote quotation | Relevant text quoted from the source; displays last, enclosed in quotes; needs to include terminating punctuation | String | optional |
| Ref | ref | An anchor identifier; can be made the target of wikilinks to full references; special value 'harv' generates an anchor suitable for the harv and sfn templates | String | optional |
| Name list format | name-list-format | Accepts the single keyword 'vanc' to emulate Vancouver Style author / editor name-lists. | String | optional |
| Mode | mode | Sets separator and terminal punctuation to the style named in the assigned value; allowable values are: 'cs1' or 'cs2' | String | optional |
| Postscript | postscript | The closing punctuation for the citation; ignored if 'quote' is defined; to suppress use reserved keyword 'none' Default . For online sources that require registration, set to 'yes' (or 'y', or 'true'); superseded by subscription if both are set | String | optional |
| Registration | registration | For online sources that require subscription, set to 'yes' (or 'y', or 'true'); supersedes registration if both are set | String | optional |
| Subscription | subscription | Replaces the name of the first author with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing author separator; for example, 'with' instead | String | optional |
| Author mask | author-mask authormask authormask1 author1-mask author-mask1 author1mask | Replaces the name of the second author with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing author separator; for example, 'with' instead | String | optional |
| Author mask 2 | author-mask2 authormask2 author2-mask author2mask | Replaces the name of the third author with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing author separator; for example, 'with' instead | String | optional |
| Author mask 3 | author-mask3 authormask3 author3-mask author3mask | Replaces the name of the third author with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing author separator; for example, 'with' instead | String | optional |

| | Parameter | Description | Type | Status |
|--------------------------------|--|---|-------------|---------------|
| Author mask 4 | author-mask4 authormask4 author4-mask author4mask | Replaces the name of the fourth author with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing author separator; for example, 'with' instead | String | optional |
| Author mask 5 | author-mask5 authormask5 author5-mask author5mask | Replaces the name of the fifth author with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing author separator; for example, 'with' instead | String | optional |
| Author mask 6 | author-mask6 authormask6 author6-mask author6mask | Replaces the name of the sixth author with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing author separator; for example, 'with' instead | String | optional |
| Author mask 7 | author-mask7 authormask7 author7-mask author7mask | Replaces the name of the seventh author with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing author separator; for example, 'with' instead | String | optional |
| Author mask 8 | author-mask8 authormask8 author8-mask author8mask | Replaces the name of the eighth author with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing author separator; for example, 'with' instead | String | optional |
| Author mask 9 | author-mask9 authormask9 author9-mask author9mask | Replaces the name of the ninth author with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing author separator; for example, 'with' instead | String | optional |
| Display authors | display-authors displayauthors | number of authors to display before 'et al.' is used | Number | optional |

| | Parameter | Description | Type | Status |
|----------------------|---|--|-------------|---------------|
| Author link | author-link authorlink subjectlink subject-link authorlink1 author-link1 author1-link subjectlink1 author1link subject-link1 subject1-link subject1link author-link2 authorlink2 author2-link subjectlink2 author2link subject-link2 subject2-link subject2link author-link3 authorlink3 author3-link subjectlink3 author3link subject-link3 subject3-link subject3link author-link4 authorlink4 author4-link subjectlink4 author4link subject-link4 subject4-link subject4link author-link5 authorlink5 author5-link subjectlink5 author5link subject-link5 subject5-link subject5link author-link6 authorlink6 author6-link subjectlink6 author6link subject-link6 subject6-link subject6link | Title of existing Wikipedia article about the author; can suffix with a numeral to add additional authors | Page | optional |
| Author link 2 | | Title of existing Wikipedia article about the second author; can suffix with a numeral to add additional authors | Page | optional |
| Author link 3 | | Title of existing Wikipedia article about the third author. | Page | optional |
| Author link 4 | | Title of existing Wikipedia article about the fourth author. | Page | optional |
| Author link 5 | | Title of existing Wikipedia article about the fifth author. | Page | optional |
| Author link 6 | | Title of existing Wikipedia article about the sixth author. | Page | optional |

| | Parameter | Description | Type | Status |
|------------------------------------|---|--|-------------|---------------|
| Author link 7 | author-link7 authorlink7 author7-link subjectlink7 author7link subject-link7 subject7-link subject7link author-link8 authorlink8 author8-link subjectlink8 | Title of existing Wikipedia article about the seventh author. | Page | optional |
| Author link 8 | author8link subject-link8 subject8-link subject8link author-link9 authorlink9 author9-link subjectlink9 | Title of existing Wikipedia article about the eighth author. | Page | optional |
| Author link 9 | author9link subject-link9 subject9-link subject9link | Title of existing Wikipedia article about the ninth author. | Page | optional |
| URL access date | access-date accessdate | The full date when the original URL was accessed; do not wikilink | String | optional |
| Original year | orig-year origyear | Original year of publication; provide specifics | String | optional |
| Last name of second editor | editor-last2 editor-surname2 editor2 editor2-last editor2-surname | The surname of the second editor; don't wikilink, use 'editor2-link' | String | optional |
| First name of second editor | editor-given2 editor2-first editor2-given editor-link2 | Given or first name, middle names, or initials of the second editor; don't wikilink, use 'editor2-link' | String | optional |
| Link for second editor | editor2-link editorlink2 editor2link | Title of existing Wikipedia article about the second editor | Page | optional |
| Mask for second editor | editor-mask2 editormask2 editor2-mask editor2mask | Replaces the name of the second editor with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing editor separator; for example, 'with' instead | String | optional |
| Last name of third editor | editor-last3 editor-surname3 editor3 editor3-last editor3-surname | The surname of the third editor; don't wikilink, use 'editor3-link' | String | optional |

| | Parameter | Description | Type | Status |
|------------------------------------|--|--|-------------|---------------|
| First name of third editor | editor-first3 editor-given3 editor3-first editor3-given editor-link3 | Given or first name, middle names, or initials of the third editor; don't wikilink, use 'editor3-link' | String | optional |
| Link for third editor | editor3-link editorlink3 editor3link | Title of existing Wikipedia article about the third editor | Page | optional |
| Mask for third editor | editor-mask3 editormask3 editor3-mask editor3mask | Replaces the name of the third editor with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing editor separator; for example, 'with' instead | String | optional |
| Last name of fourth editor | editor-last4 editor-surname4 editor4 editor4-last editor4-surname | The surname of the fourth editor; don't wikilink, use 'editor4-link' | String | optional |
| First name of fourth editor | editor-first4 editor-given4 editor4-first editor4-given editor-link4 | Given or first name, middle names, or initials of the fourth editor; don't wikilink, use 'editor4-link' | String | optional |
| Link for fourth editor | editor4-link editorlink4 editor4link | Title of existing Wikipedia article about the fourth editor | Page | optional |
| Mask for fourth editor | editor-mask4 editormask4 editor4-mask editor4mask | Replaces the name of the fourth editor with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing editor separator; for example, 'with' instead | String | optional |
| Last name of fifth editor | editor-last5 editor-surname5 editor5 editor5-last editor5-surname | The surname of the fifth editor; don't wikilink, use 'editor5-link' | String | optional |
| First name of fifth editor | editor-first5 editor-given5 editor5-first editor5-given editor-link5 | Given or first name, middle names, or initials of the fifth editor; don't wikilink, use 'editor5-link' | String | optional |
| Link for fifth editor | editor5-link editorlink5 editor5link | Title of existing Wikipedia article about the fifth editor | Page | optional |

| | Parameter | Description | Type | Status |
|-------------------------------------|--|---|-------------|---------------|
| Mask for fifth editor | editor-mask5 editormask5 editor5-mask editor5mask | Replaces the name of the fifth editor with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing editor separator; for example, 'with' instead | String | optional |
| Last name of sixth editor | editor-last6 editor-surname6 editor6 editor6-last editor6-surname | The surname of the sixth editor; don't wikilink, use 'editor6-link' | String | optional |
| First name of sixth editor | editor-first6 editor-given6 editor6-first editor6-given | Given or first name, middle names, or initials of the sixth editor; don't wikilink, use 'editor6-link' | String | optional |
| Link for sixth editor | editor6-link editorlink6 editor6link | Title of existing Wikipedia article about the sixth editor | Page | optional |
| Mask for sixth editor | editor-mask6 editormask6 editor6-mask editor6mask | Replaces the name of the sixth editor with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing editor separator; for example, 'with' instead | String | optional |
| Last name of seventh editor | editor-last7 editor-surname7 editor7 editor7-last editor7-surname | The surname of the seventh editor; don't wikilink, use 'editor7-link' | String | optional |
| First name of seventh editor | editor-first7 editor-given7 editor7-first editor7-given | Given or first name, middle names, or initials of the seventh editor; don't wikilink, use 'editor7-link' | String | optional |
| Link for seventh editor | editor-link7 editor7-link editorlink7 editor7link | Title of existing Wikipedia article about the seventh editor | Page | optional |
| Mask for seventh editor | editor-mask7 editormask7 editor7-mask editor7mask | Replaces the name of the seventh editor with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing editor separator; for example, 'with' instead | String | optional |
| Last name of eighth editor | editor-last8 editor-surname8 editor8 editor8-last editor8-surname | The surname of the eighth editor; don't wikilink, use 'editor8-link' | String | optional |

| | Parameter | Description | Type | Status |
|------------------------------------|--|--|-------------|---------------|
| First name of eighth editor | editor-first8 editor-given8 editor8-first editor8-given editor-link8 | Given or first name, middle names, or initials of the eighth editor; don't wikilink, use 'editor8-link' | String | optional |
| Link for eighth editor | editor8-link editorlink8 editor8link | Title of existing Wikipedia article about the eighth editor | Page | optional |
| Mask for eighth editor | editor-mask8 editormask8 editor8-mask editor8mask | Replaces the name of the eighth editor with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing editor separator; for example, 'with' instead | String | optional |
| Last name of ninth editor | editor-last9 editor-surname9 editor9 editor9- last editor9- surname | The surname of the ninth editor; don't wikilink, use 'editor9-link' | String | optional |
| First name of ninth editor | editor-first9 editor-given9 editor9-first editor9-given editor-link9 | Given or first name, middle names, or initials of the ninth editor; don't wikilink, use 'editor9-link' | String | optional |
| Link for ninth editor | editor9-link editorlink9 editor9link | Title of existing Wikipedia article about the ninth editor | Page | optional |
| Mask for ninth editor | editor-mask9 editormask9 editor9-mask editor9mask | Replaces the name of the ninth editor with em dashes or text; set to a numeric value 'n' to set the dash 'n' em spaces wide; set to a text value to display the text without a trailing editor separator; for example, 'with' instead | String | optional |
| Display Editors | display-editors displayeditors | Controls the number of editor names that are displayed when a citation is published. To change the displayed number of editors, set display-editors to the desired number. For example, display-editors=2 will display only the first two editors in a citation. By default, all editors are displayed. display-editors=etal displays all editors in the list followed by et al. | String | optional |
| Translator last name 2 | translator-last2 translator2 translator2-last | The surname of the second translator; don't wikilink, use 'translator-link'. | String | optional |
| Translator first name 2 | translator-first2 translator2-first | Given or first name, middle names, or initials of the second translator; don't wikilink, use 'translator-link'. | String | optional |

| | Parameter | Description | Type | Status |
|--------------------------------|---|--|-------------|---------------|
| Translator last name 3 | translator-last3 translator3 translator3-last | The surname of the third translator; don't wikilink, use 'translator-link'. | String | optional |
| Translator first name 3 | translator-first3 translator3-first | Given or first name, middle names, or initials of the third translator; don't wikilink, use 'translator-link'. | String | optional |
| Translator last name 4 | translator-last4 translator4 translator4-last | The surname of the fourth translator; don't wikilink, use 'translator-link'. | String | optional |
| Translator first name 4 | translator-first4 translator4-first | Given or first name, middle names, or initials of the fourth translator; don't wikilink, use 'translator-link'. | String | optional |
| Translator last name 5 | translator-last5 translator5 translator5-last | The surname of the fifth translator; don't wikilink, use 'translator-link'. | String | optional |
| Translator first name 5 | translator-first5 translator5-first | Given or first name, middle names, or initials of the fifth translator; don't wikilink, use 'translator-link'. | String | optional |
| Translator last name 6 | translator-last6 translator6 translator6-last | The surname of the sixth translator; don't wikilink, use 'translator-link'. | String | optional |
| Translator first name 6 | translator-first6 translator6-first | Given or first name, middle names, or initials of the sixth translator; don't wikilink, use 'translator-link'. | String | optional |
| Translator last name 7 | translator-last7 translator7 translator7-last | The surname of the seventh translator; don't wikilink, use 'translator-link'. | String | optional |
| Translator first name 7 | translator-first7 translator7-first | Given or first name, middle names, or initials of the seventh translator; don't wikilink, use 'translator-link'. | String | optional |
| Translator last name 8 | translator-last8 translator8 translator8-last | The surname of the eighth translator; don't wikilink, use 'translator-link'. | String | optional |
| Translator first name 8 | translator-first8 translator8-first | Given or first name, middle names, or initials of the eighth translator; don't wikilink, use 'translator-link'. | String | optional |
| Translator last name 9 | translator-last9 translator9 translator9-last | The surname of the ninth translator; don't wikilink, use 'translator-link'. | String | optional |
| Translator first name 9 | translator-first9 translator9-first | Given or first name, middle names, or initials of the ninth translator; don't wikilink, use 'translator-link'. | String | optional |
| Translator link | translator-link translator-link1 translator1-link | Title of existing Wikipedia article about the translator; can suffix with a numeral to add additional translators. | Page | optional |
| Translator link 2 | translator-link2 translator2-link | Title of existing Wikipedia article about the second translator. | Page | optional |
| Translator link 3 | translator-link3 translator3-link | Title of existing Wikipedia article about the third translator. | Page | optional |
| Translator link 4 | translator-link4 translator4-link | Title of existing Wikipedia article about the fourth translator. | Page | optional |

| | Parameter | Description | Type | Status |
|------------------------------|---|---|-------------|---------------|
| Translator link 5 | translator-link5 translator5-link | Title of existing Wikipedia article about the fifth translator. | Page | optional |
| Translator link 6 | translator-link6 translator6-link | Title of existing Wikipedia article about the sixth translator. | Page | optional |
| Translator link 7 | translator-link7 translator7-link | Title of existing Wikipedia article about the seventh translator. | Page | optional |
| Translator link 8 | translator-link8 translator8-link | Title of existing Wikipedia article about the eighth translator. | Page | optional |
| Translator link 9 | translator-link9 translator9-link chapter-url chapterurl | Title of existing Wikipedia article about the ninth translator. | Page | optional |
| Chapter URL | contribution-url section-url contributionurl sectionurl | The URL of the online location where the text of the chapter can be found | String | optional |
| Format of Chapter URL | chapter-format contribution-format section-format | Format of the work referred to by chapter-url; displayed in parentheses after chapter. HTML is implied and should not be specified. Example PDF, DOC, or XLS | String | optional |
| DOI broken date | doi-broken-date doi_brokendate | The date that the DOI was determined to be broken | String | optional |
| URL access level | url-access | Classification of the access restrictions on the URL ('registration', 'subscription' or 'limited') | String | optional |
| Archive URL | archive-url archiveurl | The URL of an archived copy of a web page, if or in case the URL becomes unavailable; requires 'archivedate' | String | optional |
| Archive Format | archive-format | Format of the Archive | String | optional |
| Archive date | archive-date archivedate | Date when the original URL was archived; do not wikilink | String | optional |
| URL status | url-status | If set to 'live', the title display is adjusted; useful for when the URL is archived preemptively but still live. Set to "dead" or 'usurped' for broken links. Entering 'unfit' or 'usurped' makes the original link not appear at all. Default dead Example 'dead' or 'live' | String | optional |
| Lay URL | lay-url lay-summary laysummary layurl | URL link to a non-technical summary or review of the source | String | optional |
| Lay source | lay-source laysource | Name of the source of the laysummary; displays in italics, preceded by an en dash | String | optional |

| Parameter | Description | Type | Status |
|---|--|---------|------------|
| Lay date lay-date laydate | Date of the summary; displays in parentheses | String | optional |
| Last author ampersand last-author-amp lastauthoramp | When set to any value, changes the separator between the last two names of the author list to 'space ampersand space' | String | optional |
| Via via | Aggregate or database provider, when different from the Publisher. Typically used for Ebooks. Example Open Edition, JSTOR | String | optional |
| Bibcode access level bibcode-access | If the full text is available from ADS via this Bibcode, type 'free'. | String | optional |
| DOI access level doi-access | If the full text is free to read via the DOI, type 'free'. | String | optional |
| HDL access level hdl-access | If the full text is free to read via the HDL, type 'free'. | String | optional |
| Jstor access level jstor-access | If the full text is free to read on Jstor, type 'free'. | String | optional |
| OpenLibrary access level ol-access | If the full text is free to read on OpenLibrary, type 'free'. | String | optional |
| OSTI access level osti-access | If the full text is free to read on OSTI, type 'free'. | String | optional |
| Issue issue number | Issue number. This parameter is not supported by and should generally not be used with cite book. Consider that a different cite template may be more appropriate, such as cite magazine or cite journal. See Help:Citation_Style_1#Pages. | String | optional |
| Coauthor coauthor | Coauthor | String | deprecated |
| Coauthors coauthors | Coauthors | String | deprecated |
| Authors list authors people host credits | List of authors as a free form list. Use of this parameter is discouraged, "lastn" to "firstn" are preferable. Warning: do not use if last or any of its aliases are used. | String | optional |
| City of Publication city | Where published | String | deprecated |
| Agency agency | Unusual in cite book. Use if an agency is needed in addition to publisher, etc. | String | optional |
| Department department | Unusual in cite book. | Unknown | optional |
| Date format df | Sets rendered dates to the specified format | String | optional |

actions taken to prevent or repair the deterioration of water management infrastructure and to keep the physical components of a water management system in such a state that they can serve their intended function.

Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
